It is certified that at the time of service the item called for in the above order is in conformance with the requirements, specifications and drawings listed on the order. There is no calibration warranty, implied or otherwise, beyond the actual test results. The devices used to calibrate, adjust, inspect and test are traceable to the National Institute of Standards and Technology. Records substantiating this are contained in our Quality Manual and are available upon request by authorized personnel. This certification shall not be reproduced except in full and without the written approval of MMC Metrology Lab, Inc.
