

Capping Compound Calibration Worksheet

Equipment ID: _____	Date Received: _____
Manufacturer: _____	Received By: _____
Model #: _____	Amount in Order: _____
Serial #: _____	
UofA ID: _____	Calibration Interval: <u>3 months</u>
Location: _____	or before use

Calibration Item: Verify compressive strength of mortar

Calibration Procedure: ASTM C 617 - section 5

Calibration Equipment: cube mold, melting pot, capping compound, compression testing machine

Compressive Strength (psi)						
Date	Cube 1	Cube 2	Cube 3	Anticipated Cylinder Strength (psi)	Pass/Fail	Initial

Comments: _____
